RD Training Systems
32392 Coast Highway, #200
Laguna Beach, CA 92651

To Chandra,

I am so glad we said yes to Rick Kurtz coming to share with our agents here in Franklin Tennessee the RD Systems.

He was enjoyable to listen to and had great information for success. Rick was funny and very passionate about his systems. He was open to letting us know how KW fit in with his system as well. Sometimes we have folks come and try to talk us into a system that is like what we already use. This was refreshing and we were able to take away nuggets for success.

Thanks again,
