Dear Chandra,

The Edge Training offered by Richard Kurtz last week was excellent!

I have been in business for over 20 years and I offer business planning and training from the best national trainers in the industry. I thought I was offering the best and had all the bases covered, until I saw the Edge. This is new, thought provoking and, most importantly, what #1 agents are doing around the country to succeed. Amazing stuff!

This program also comes with a road map for success and coaches to help you reach your goals, all at a very reasonable cost. If you follow their lead, I don't see how you can fail....and they have a strong guarantee. In my opinion, the Edge is well worth the price! Hats off to RD Training Systems. Thank you for including RE/MAX Premier in your training program.

Wishing you the best,

Tom Donegan
