Mr. Kurtz,

My wife and I recently attended your training seminar in Orlando, FL. I would like to personally thank you for the invaluable training, materials and speakers we were able to learn from. I have been in the business nearly 20 years and have closed over 2000 transactions, however I knew I was very weak in a lot of areas. If I would have had this information when I started in the business, and followed just parts of the program, I am certain I would be retired today. Nonetheless, it's never too late to learn and implement new techniques into my business and dominate my entire area. I am excited to start using the material and ideas that were learned in the seminar and watch my business and income increase. I don't know why anyone, that is serious about their real estate career, would not want to attend one of your seminars and invest in themselves or their business and prosper.

Thank you again, and best wishes.

Thank You,

John Crawford
